About Medicolegal Partners

Our experts are leading clinicians in their specialist areas of medicine. It's a pre-requisite for working with Medicolegal Partners that our experts are practising in leading NHS Trusts or have extensive NHS experience in addition to their private practice. They are all committed to their ongoing professional development and training.

Meet the Experts:

Pain - specialists in diagnosing and treating more than 90 pain conditions

Dr Chris Jenner, MB BS, FRCA, FFPMRCA
Consultant in Pain Medicine

Expertise includes:

- Neuropathic pain
- Chronic and widespread pain
- Fibromyalgia
- Complex Regional Pain Syndrome (CRPS)
- Phantom limb pain and Post Mastectomy Pain Syndrome
- Multi-disciplinary pain management

Dr Jenner is highly regarded for his extensive experience and skill across the range of medico-legal cases involving pain, particularly complex cases which less experienced experts find challenging. He has 15 years' experience as an expert witness.

Dr Ivan Ramos-Galvez, LMS, FRCA, FFPMRCA
Consultant in Pain Medicine

Expertise includes:

- Complex Regional Pain Syndrome (CRPS)
- Osteoarthritic degenerative joint pain, primarily of the back and neck
- Neuropathic pain
- Fibromyalgia

Dr Ramos-Galvez receives excellent feedback on the quality and analytical approach he takes in his reports resulting in a strong, well-argued opinion. He is recognised for his expert opinion on cases involving Complex Regional Pain Syndrome; his specialist interests include spinal surgery and cancer/palliative care.

It is a pleasure to work with Medicolegal Partners. Their reports are thorough, and they turn around reports in good time. They respond promptly to queries, and understand the litigation process.

JB, Capsticks LLP

Our experts are all committed to their ongoing professional development and training

Spinal surgery

Mr Patrick McKenna, MB BS FRCS Consultant Spinal Surgeon

Expertise includes:

- Neurosurgery and spinal surgery
- Cauda Equina Syndrome
- Trauma Anterior and Lateral Lumbar Fusion
- Total Disc Replacement
- Lumbar spine disorders and Scoliosis

Mr McKenna's special clinical interest is in anterior and lateral surgery of the lumbar spine, using minimally invasive surgical techniques to promote early recovery. He also performs motion preserving surgery (total disc arthroplasty) of the cervical and lumbar spine.

Trusted Experts:

We work with well-renowned clinicians, recognised as leaders in their respective field of medicine by their profession peers and patients. They are well respected by leading solicitors and barristers specialising in personal injury and medical negligence and have excellent medico legal report-writing and courtroom skills. We welcome instructions for both the claimant and defendant.

Trusted Robust Reports:

Our reports receive first-rate feedback for their clarity, structure and content and aim to be jargon-free to assist the non-medical reader and ultimately the court. Our rigorous recruitment criteria ensure our experts have excellent communication skills and are personable and approachable in both their clinical and medico legal practice. Our reports are quality controlled at each stage, from preparation to final proofing, to ensure each one stands up to scrutiny and challenge.

Trusted Client Service:

We pride ourselves on our client care, skill and experience in handling all types of medico legal instructions. We're not a call centre or panel – our clients are at the heart of our business. You will know our dedicated team personally and we work for you and your client as an extension of your own team. We pro-actively manage all aspects of the administration process, freeing up our expert to focus on giving you and your client their best medical and medico legal advice and support. It's the whole team's personal interest in each case that creates the long-standing relationships we build with our clients.
