

Mr Alexander Montgomery Consultant Spinal Surgeon

Mr Alexander Montgomery is a Consultant Spinal Surgeon at Royal London Hospital (Barts Health NHS Trust). He provides reports for both medical negligence and personal injury claims.

His particular areas of expertise include:

- Acute spinal conditions including disc prolapse, sciatica, arm/neck pain
- Degenerative spinal conditions including lumbar/thoracic/cervical
- Minimally invasive approaches to the spine
- Multidisciplinary back pain management
- Spinal deformity and tumours
- Complex spinal procedures
- Spinal sports injuries and trauma

Medicolegal Partners have an experienced team skilled in all aspects of the administration involved in instructions to our various expert medical witnesses. This leaves experts free to utilise their precious time to focus on giving you and your client their medical and medico legal expert advice and support. You, or an agency working with you, can pick up the phone and speak to us any time.

- Average annual instructions: > 20
 - Claimant: 90%
 - Defendant: 10%
- Expert Witness training completed

- Regular clinical appointments available
- Clear, reliable and robust reports

- Consultations available in:
- London

Mr Montgomery's team at The Royal London was the first in the UK to use the robotic assisted arm in spinal surgery.

Mr Alexander Sheriff Montgomery

MBCHB, MRCS (Eng), Depl Orth Eng, FRCS (Eng)

Nationality: British
Date of Birth: 12th December 1974
Professional Title: **Consultant Spinal Surgeon,**
Barts Health
GMC Number: 4615169

SUMMARY OF QUALIFICATIONS

FRCS (Orth), November 2009

Dipl. Orthopaedic Engineering, Exams passed at Grade A

MRCS (England), Written, Viva and Clinical

MBChB, Glasgow University Medical School, 1994-1999

PROFESSIONAL MEMBERSHIPS

Fellow of The Royal College of Surgeons of England

British Spine Society Member

NASS (North American Spine Society) member

CONTACT DETAILS

PROFESSIONAL EXPERIENCE

NHSE Chair and Network Lead of Spinal Surgery North East London and Essex Region.	<i>(April 2020 - present)</i>
Consultant Spinal Surgeon Cleveland Clinic	<i>(March 2024 - present)</i>
Consultant Spinal Surgeon Schoen Clinic / Fortius	<i>(August 2018 – March 2024)</i>
Consultant Spinal Surgeon, Barts Health	<i>(May 2012 - present)</i>
Visiting Spinal Surgeon Harborview Hospital, Seattle	<i>(May 2012)</i>
Spinal Fellow, Auckland City Hospital, New Zealand	<i>(Jan 2011 - May 2012)</i>
Spinal Fellow, Norfolk and Norwich Hospital and Ipswich Hospital	<i>(May 2010 - Jan 2011)</i>
Spinal Fellow, Dept of Neurosurgery, Addenbrookes Hospital, Cambridge	<i>(Jan 2010 - May 2010)</i>
ULCH North East London Trauma and Orthopaedic Training	<i>(Jan 2005 - Jan 2010)</i>

TEACHING POSITIONS

Msc Trauma and Orthopaedics, Queen Mary's University	<i>(2016 - present)</i>
Msc Sports Medicine, Queen Mary's University	
Chair of AO (Middle East) Spine meetings	<i>(2015 - 2016)</i>
Fellowship and Registrar trainer in Spinal Surgery, North London Region	
Annual course lecturer in Basic Science, Trauma, Minimally Invasive Surgery, and Spinal Cord Injury	

MIDDLE EASTERN EXPERIENCE

Visiting Spine Surgeon, Qatar Health Ministry	<i>(2018)</i>
Visiting Spine Surgeon, Cairo Military Hospitals	<i>(2017)</i>
Visiting Spinal Surgeon, Ibn Sinai Neurosurgery Hospital, Kuwait May	<i>(2016)</i>
Visiting Spinal Surgeon Al-Razi Hospital Kuwait April	<i>(2014 - 2018)</i>

INTERNATIONAL RESEARCH PRESENTATIONS CONCERNING BACK AND NECK (SPINAL) INJURIES AT WORK AND COMPENSATION INJURIES

Workers Compensations and Long term outcomes in Lumbar fusion surgery. (Presentation to the University of Washington, Seattle. March 2013.)

Major trauma and management of Spinal fractures in the multiply injured patient. (Presentation to the International Orthopaedic meeting Kuwait City, Kuwait.)

Compensation hinders recovery in lumbar spine fusions - Or does it? Comparing functional outcomes of compensation patients in Lumbar fusions to the NZ compensation system. (Presented at the International Society for the Study of the Lumbar Spine - Eurospine week, Amsterdam 2012.)

Comparing Re-operation rates and return to work status in compensation patients following Lumbar fusion. A systematic review of the Literature. (Presented at the Australian Spine Society meeting Sydney, 2012.)

Comparing outcomes for lumbar fusion between degenerative disease and that exacerbated by injury. A prospective cohort in New Zealand. (Presented at the New Zealand Spine Society meeting, Queenstown.)

Prospective long term follow up of functional outcomes in Lumbar fusions comparing local bone graft to iliac crest. (Prize winner for best presentation International Society for the Study of the Lumbar Spine - Eurospine week, Amsterdam 2012.)
