

Dr Rishi Khanna
MBCHB FRCA FFPMRCA
Consultant in Pain Management

Dr Rishi Khanna is Clinical Lead for Pain Management at Bradford Teaching Hospitals NHS Trust. He specialises in spinal, abdominopelvic and neuropathic pain, with areas of interest including injections and medical management of spinal pain, sciatica, spinal stenosis, nerve pain and spinal cord stimulation. He accepts instructions for claimant or defendant in personal injury or clinical negligence cases.

His particular areas of expertise include:

- Chronic back pain
- Sciatica
- Ehlers Danlos Syndrome
- Neck pain
- Knee or hip arthritis
- Nerve pain
- Chronic abdominal and pelvic pain conditions

Medicolegal Partners have an experienced team skilled in all aspects of the administration involved in instructions to our various expert medical witnesses. This leaves experts free to utilise their precious time to focus on giving you and your client their medical and medico legal expert advice and support. You, or an agency working with you, can pick up the phone and speak to us any time.

“ It is a pleasure to work with Medicolegal Partners. Their reports are thorough, and they turn around reports in good time. They respond promptly to queries, and understand the litigation process. ”

JB, Capsticks LLP
